

### **REMARKS**

The claims in the preceding listing of claims are based on the claims as originally filed in the International Application Serial No. PCT/CA2004/001935. The original claims have been amended to better define aspects of the invention, and to remove multiple dependencies and reduce the number of claims for the purpose of calculating filing fees.

Further consideration of the application, as revised by this Preliminary Amendment, is requested.

In view of the foregoing, early favorable consideration of this application is earnestly solicited.

Respectfully submitted,

Michael GLOVER et al.
